IMPORTANT POINTS FOR STANDARD BOOTH EXHIBITORS

1. All standard booths shall be designed and put up by the organizers using modular aluminum system.
2. All furnished booths are on a hiring basis and exhibitors are normally not allowed to make any alterations to the structure of the booths or remove any integral parts from the booths. Exhibitors wish to delete or change the location of any standard equipment within the booth, should indicate clearly and send clear instructions to the official contractor.
3. No additional booth fitting or display may be attached to the shell booth structure.
4. No tapes, nails or fixtures of any kind are allowed to be put on the partitions, floor or ceiling. Exhibitors are liable to any damage caused to their booth fixtures or fittings at the fair.
5. Any exhibitor occupying a booth at the corner has the choice to open it on the additional side(s) with a fascia including name and booth number. Unless informed otherwise by the exhibitor in writing, the organizers will assume that exhibitors occupying corner booths would like to open the additional side(s).
6. Unless requested otherwise by the exhibitor, the organizers shall assume that exhibitors occupying two or more adjoining standard booths will choose to delete the partitioning panels between. Exhibitors should notify the organizers in writing if they want to retain the partitioning panels.

Notifications:

Please be aware that late orders after deadline will be conducted with a surcharge of: 30%

Onsite orders will be connected with an additional surcharge of: 50%

The late and onsite order service will be provided on a cash basis only.

All the items are NOT interred changeable. Exhibitors may option for all items.

The Organizer of the Exhibition will provide the following items for Shell Scheme Booth.

A Fascia Board - About 370mm Aluminum Frame, sticker cutout lettering for booth number and exhibitor's name in English & Chinese.

B Wall Paneling - 3 sets of partition panels (one back wall and two side walls). The principal dimensions of each panel is 1M wide, 2.44M high, 3mm thick. These panels will be laminated white with fire prevention treatment & supported by aluminum structures. The end booths of each row will have no partition at side but will then have an extra fascia board.

C Carpet – Grey needle punch carpet, with fire prevention treatment covering the entire floor area of the booth.

D Furniture - Items listed are not able to be barter trade/inter changeable for other items and/or services .

E Lighting - 2 nos. 60W Fluorescent Tube
