Dear Colleagues and Friends,

Welcome back to Beijing!

It gives me great pleasure to welcome you all to the 13th Annual Scientific Symposium of China Interventional Therapeutics (CIT) 2015 in Partnership with TCT, which will be held on Thursday, March 19 through Sunday, March 22, 2015 at the China National Convention Center. CIT2015 is organized by the Chinese Medical Association, and co-sponsored by National Center for Cardiovascular Diseases of China, CIT Board of Directors, Chinese Society of Cardiology, and Cardiovascular Research Foundation, and supported by 34 international and national societies and well-known heart centers.

CIT2015 will continue to focus on C-Cooperation, I-Innovation, and T-Transition. Under the core concept and direction, CIT 2015 will offer 1200+ didactic presentations, 600+ abstracts, and 50 live cases in its three-and-half-day program. The grand opening and plenary session will take place in the Main Arena on Friday, March 20, 2015. Original researches are presented in the forms of oral and poster abstracts, late-breaking clinical trials, topic-oriented symposia, workshops, and concurrent sessions. Basic research, practical interventional techniques, interventional pharmacology, cardiovascular prevention, and cardiovascular imaging are also covered in-depth. CIT will make an effort to minimize gaps between evidence and practice, and to facilitate and accelerate the incorporation into clinical practice of new therapies with proven safety and efficacy in appropriately conducted clinical trials. The transition theme of CIT also highlights the current and future expansion of interventional cardiovascular practice from treatment of obstructive vascular disease to other common cardiovascular problems including structural heart disease (e.g. aortic stenosis), atrial fibrillation and heart failure.

As the largest interventional cardiology meeting in Asia-Pacific region, it is expected that more than 7,000 experts, cardiologists, radiologists, vascular medicine specialists, industrial partners and other health care professionals with a special interest in the field of interventional cardiology will attend the meeting. Participants will have the opportunities to share scientific information and the latest advances, to exchange expertise in interventional cardiology, to renew our friendship, and to increase worldwide collaboration. CIT2015 will also provide a unique opportunity for the industries to exhibit their new products and to contact with the cardiologists more closely.

Welcome to Beijing and I look forward to your active participations in CIT2015 in Partnership with TCT!

Sincerely Yours,

Run-lin Gao, MD, FACC, FESC, FSCAI

CME Information

CME Accreditation and Designation
The China Interventional Therapeutics is accredited by the Accreditation Council for Continuing Medical Education of Ministry of Health of China to provide continuing medical education for physicians. This education activity has been designated for 8 national category-1 CME Credits in China. Three hours of physician participation in CIT equals 1 credit. Documentation of awarded credit is provided for registered attendees in exchange for completed activity evaluations. Certificates of attendance are provided to all registered attendees. The following activities are not included in the official CIT CME program: luncheon workshops, luncheon symposia and interventional vascular simulation sessions.

Learning Objectives
By the end of the congress, participants should be able to:
- Relate the results from important clinical trials and evidence-based medicine that guide the management of patients with atherosclerosis and structural heart disease
- Integrate new interventional techniques and procedures to the care of patients with complex coronary artery disease, peripheral vascular disease, structural heart disease, and heart rhythm
- Integrate appropriate pharmacological management in the care of patients undergoing diagnostic angiography and interventional therapies before, during, and after catheterization
- Distinguish between new interventional technologies and propose their appropriate applications to patients with cardiovascular disease

Target Audience
This congress is designed for interventional cardiologists, radiologists, clinical cardiologists, basic scientists, vascular medicine specialists, surgeons, and other health care professionals with a special interest in the field of interventional vascular therapy and medicine.
Disclosure Statement

It is the policy of the Chinese Medical Association to ensure balance, independence, objectivity, and scientific rigor in all of its sponsored educational programs. Commercial support from industry does not influence educational content, faculty selection, and/or faculty presentations, and, therefore, does not compromise the scientific integrity of the educational activity. Discussion of off-label product usage, and/or off-label product use during live cases, is made at the sole discretion of the faculty. Off-label product discussion and/or off-label product use is not endorsed by the Chinese Medical Association or the course directors for this activity. Faculty participating in continuing medical education activities sponsored by the Chinese Medical Association are required to disclose to the program audience any real or apparent conflict of interest related to the content of their presentation(s). Faculty not complying with this policy are not permitted to participate in this activity.

Program Sponsorship and Support

The congress is organized by Chinese Medical Association and co-sponsored by National Center for Cardiovascular Diseases of China, CIT Board of Directors, Chinese Society of Cardiology, and Cardiovascular Research Foundation, and partially funded through educational grants from commercial supporters. The CIT strives to ensure that its programs are as educational as possible and free from bias. To support this endeavor, CIT director and co-directors create organizing and scientific committees to assist in educational content development and content oversight for live cases, concurrent sessions, case reviews, workshops, and scientific symposia. These sessions are developed without influence from commercial supporters.

Call for Sciences

Call for Abstracts
CIT invites submission of original work for consideration of presentation at the Congress. Abstracts are an essential part for sharing new information on topics in interventional cardiology, coronary artery disease, peripheral vascular disease, structural heart disease, heart rhythms and related medical therapy. Abstracts should address one of these areas (clinical studies, basic science investigation, and animal studies are equally encouraged). The abstract selection process for CIT Congress is organized under the auspices of the Board of Directors, CIT. All submitted abstracts will be peer reviewed by multiple graders. The highest graded abstracts accepted will be presented as oral or poster presentation at the Congress.

All the accepted abstracts will be published in the Supplement to the Chinese Medical Journal.

Means of Submission
Online submission (http://www.citmd.com/sub/app/e_login.php)

Open of Submission:
August 10, 2014
Deadline of Submission:
November 23, 2014

Call for Clinical Cases
Physicians from China and around the world are invited to submit their most interesting and challenging cases in the fields of coronary intervention, endovascular intervention, carotid and peripheral intervention, and structural heart disease intervention. Each case will be reviewed by the CIT Directors and Scientific Committee members. The most interesting and challenging cases will be selected for presentation by the submitted physician at the session of "Case Reviews" at CIT2015 to compete for the CIT Best Educational Case Award.

Case Submission Requirements and Specifications
- Each physician can submit at most two cases
- Online submission is the only way accepted to submit the case (http://www.citmd.com/sub/app/e_login.php)

Open of Submission:
August 10, 2014
Deadline of Submission:
December 23, 2014
Call for Sciences

**CIT Young Investigator Award**

CIT Young Investigator Award (YIA) recognizes clinical and academic excellence in interventional vascular medicine and aims to discover and support those who are doing or had done a better research work in the field of interventional cardiovascular medicine. The winners will be announced at CIT2015. The award and scholarship will be presented at the Opening Ceremony on March 20th, 2015.

**Eligible Candidates**

Candidate whose age is under 40, and who has been within ten (10) years of the start of the first fellowship or training period specializing in interventional vascular medicine (interventional cardiology, endovascular medicine, or structural heart disease), and has ever published at least one Original Article to SCI-Index Journal(s) is entitled to apply for CIT YIA. Candidates may be from any country, and we welcome international as well as Chinese applicants.

**Criteria and Specifications**

Curriculum vitae
Recommendation letter(s) from TWO supervisors who have directly witnessed the applicant in the patient care setting attesting to clinical excellence

Means of Submission
Please send your personal CV (download CV Form) together with your article to the CIT secretariat at CIT-YIA@citmd.com before the deadline.

The Original Copy of your article and your recommendation letter(s) should be sent to the Congress Secretariat by Express Mail before the deadline:
Miss. Changdong Guan
CIT Secretariat
167 Bellishi Road, Xicheng District, Beijing 100037
Tel: +86 10 6833 0951

**Submission Opens**

August 10, 2014

**Submission Deadline**

December 23, 2014

---

**CIT Theme Issue of Chinese Medical Journal**

The Chinese Medical Journal (CMJ) is published semimonthly in English by the Chinese Medical Association, and is a peer reviewed general medical journal for all doctors, researchers, and health workers regardless of their medical specialty or type of employment. The journal was established in 1887, being the oldest medical periodical in China. It serves the objective of international academic exchange.

CMJ is abstracted or indexed in many databases including Biological Abstracts, Chemical Abstracts, Index Medicus/ Medline, Science Citation Index (SCI), Current Contents, Cancerlit, Health Plan & Administration, Embase, Social SciSearch, Aidsline, Toxline, Biocommercial Abstracts, Arts and Humanities Search, Nuclear Science Abstracts, Water Resources Abstracts, Cab Abstracts, Occupation Safety & Health, etc.

CMJ theme issue at CIT is a special issue made for CIT with a dedication to interventional cardiovascular medicine.

**Means of Submission**

If you are a first-time user, please register first to acquire a User Name and a Password, with which, you may log in at the Author Login. Please start your paper with CIT2015- at the beginning of the title of your paper to facilitate our peer reviewer to identify that your paper is for CIT2015 ONLY.

Your submission will not be accepted if you are neither participating for nor submitting abstract(s) to CIT Congress.

**Open of Submission:**

August 10, 2014

**Deadline of Submission:**

December 16, 2014

Please click here to upload your CMJ article.

Should you wish to know more information about Chinese Medical Journal, you may contact:
Chinese Medical Journal Editorial Department
Chinese Medical Association
42 Dongsi Xidajie, Beijing 100710, China
Tel: +86 10 8515 8264
Email: ylbao@cma.org.cn
Late Breaking Clinical Trial

CIT Late Breaking Clinical Trial (LBCT) are first-time worldwide presentations of the primary endpoint or important secondary endpoint results of prospective, randomized clinical trials, or the first worldwide presentations of large-scale, impactful single-center or multi-center registries, or first-in-man experiences with novel devices or drugs. Studies accepted as Late Breaking Clinical Trials will be presented in the major meeting room at prime time during CIT2015. An application must be submitted for each Late Breaking Clinical Trial that you are proposing. By submitting an application, you are warranting that the trial or study is likely to be completed and will be presented at CIT if accepted, whether the results are positive or negative. Presentations of accepted Late Breaking Clinical Trials prior to CIT are strictly embargoed. Any LBCT which has been published before CIT2015 won’t be accepted.

Note: Accepted Late Breaking Clinical Trials may not be withdrawn for negative results. Such action will negatively impact future applications from both the applicant and the trial sponsor.

Call for Imaging

Physicians from China and around the world are invited to submit their most unique, instructive, or instrumental imaging cases in the fields of coronary intervention or peripheral intervention including IVUS, VH-IVUS, OCT, etc. Each case will be reviewed by the imaging experts. The most educational imaging cases will be selected for presentation by the submitted physician at the session of “Imaging Case Reviews” at CIT2015.

Case Submission Requirements and Specifications
- Each physician can submit at most two cases
- Online submission is the only way accepted to submit the case (http://www.citmd.com/sub/app/e_login.php)

Open of Submission:
August 10, 2014
Deadline of Submission:
December 23, 2014

- Online submission is the only way accepted to submit the LBCT (http://www.citmd.com/sub/app/e_login.php)

Open of Submission:
August 10, 2014
Deadline of Submission:
December 23, 2014
**CIT IABP Scholarship**  
Win a scholarship to the 2015 China Interventional Therapeutics in partnership with TCT in Beijing, China and celebrate more than 40 years of advancement in Intra-Aortic Balloon Pump (IABP) Therapy. Share an interesting or unique clinical case of a patient who benefited from counterpulsation therapy. The applicants of the top three (3) case studies will be awarded the scholarship and the winners will be notified by CIT via email in mid-January 2015. The top three (3) winners will become part of the CIT 2015 faculty and have the opportunity to present their cases at a lunch session during CIT2015.

The IABP usage must be for one of the following indications:
- Acute Coronary Syndrome
- Cardiogenic and Non-Cardiac Surgery
- Complications of Heart Failure

The scholarship will include:
- CIT 2015 registration fee
- Housing
- IABP Case Award

Means of Submission:
Online submission ([http://www.citmd.com/sub/app/e_login.php](http://www.citmd.com/sub/app/e_login.php))

Open of Submission:
August 10, 2014

Deadline of Submission:
December 23, 2014
General Information

**Dates**
March 19-22, 2015

**Venue**
China National Convention Center (CNCC)
No. 7 Tianchen East Road, Chaoyang District, Beijing 100105, China
Tel: +86 10 8437 2008
Website: http://www.cnccchina.com

**Language**
English & Chinese

**Airport Transfer**
You may take a taxi from the Airport Taxi Station to most of the Congress hotels. Taxis are metered. To avoid confusion and over-charge, it is suggested to ask for receipt (pronounced as “Fa Piao” in Chinese) from taxi driver.

**Invitation Letter / Visa**
You are required a visa to enter the People’s Republic of China. Please check with your local Chinese embassy or consulate to obtain the necessary documents. Please allow enough time to process your visa.

On request, the Chinese Medical Association is pleased to send an invitation for participation and a visa notice form in CIT 2015. Such an invitation is not a commitment on the part of the CIT to provide any financial support, nor is it a guarantee of the acceptance of an abstract, nor a guarantee that the consulate will issue the visa. While we are pleased to provide documentation of your registration to attend CIT, visa issuance is at the sole discretion of the consular officer. Letters of invitation and visa notice forms are sent to only those individuals who are registered to attend CIT 2015 and whose payments have been verified. To request an invitation letter and a visa notice form, please contact the CIT registration bureau. Information such as your passport number, citizenship and occupation must be provided otherwise the visa notice form is not valid.

**Liability**
The Congress is not responsible for airfare, hotel, or other costs incurred by participants in the event of program or registration cancellation. Please note, in the event that the China Interventional Therapeutics 2015, also known as CIT 2015, is abbreviated or canceled because of circumstances beyond the Chinese Society of Cardiology and Chinese Medical Association’s control, including, but not limited to, civil disturbance, earthquake, electrical outage, explosion, fire, freight embargo, strike or labor unrest, flood, hurricane, tornado or other acts of God, an act of war, terrorism, or the act of any government (de facto or de jure), or any government agency or official, the Chinese Society of Cardiology and Chinese Medical Association reserve the right, at the Chinese Society of Cardiology and Chinese Medical Association’s sole discretion, to unilaterally terminate the Congress. In these circumstances, the registrant expressly agrees to waive any claim that he, she, or it may have against the Chinese Society of Cardiology and Chinese Medical Association for damages or compensation, including, but not limited to, fees for registration, housing, airfare, and/or incidental charges.

**Climate and Clothes**
Late March is spring in Beijing, the golden season with an average temperature of 13.6 degrees Celsius (57 degrees Fahrenheit). Light cloths and a suit for formal occasions would be appropriate.

**Credit Cards and Currency**
Major credit cards like Master, Visa and American Express are acceptable in most big shopping centers and hotels. Major foreign currencies can be changed to the Chinese currency RMB at the airport, the Bank of China or hotels. American dollars can be changed into Chinese currency (RMB yuan) at a rate of about USD 1 to RMB 6.35 as of August 2014, but the exchange rate is subject to change.

**Time Difference**
China Time is 8 hours ahead of GMT

**Telecommunications / Internet**
Facilities such as IDD, fax and Internet are available in hotels.

**Tipping**
Except for some tour guides and hotel porters, no people in China expect tipping.

**Electricity**
The local voltage is 200-240 volts AC, 50 cycles. Transformers reducing the voltage to 110-120 volts, 60 cycles are available in some hotels.

How to Register

Please visit congress website at www.citmd.com to register online. If you have difficulties in accessing internet, you may complete the Registration & Housing Form for Individuals and send it back with full payment to the Secretariat, one registration form per participant. The CIT Secretariat reserves the right to charge the correct amount if different form the total payment listed on the registration form. If there are more than 10 participants registering in a group, please contact the Secretariat for special Registration Form(s).

Registration Procedures

Upon receipt of the Registration Form with the appropriate payment, the Secretariat will send a registration confirmation to the registrant. If you do not receive a confirmation letter from the Secretariat 6 weeks after your mailing/fax, please contact the Secretariat. Please bring the registration confirmation to the registration desk at the China National Convention Center as a proof of your payment.

Online Registration

Register online at www.citmd.com. Fill in the Credit Card Payment Authorization Form and fax to Congress secretariat at +86 10 6512 3754 to complete the online registration process. The Chinese Society of Cardiology and the Chinese Medical Association is not responsible for fraudulent credit card transactions.

Cancellation and Refund

Notification of cancellation must be submitted in writing before February 22, 2015. The refund details are as follows:

- Notification received
  - Before February 22, 2015: 50 % Refund
  - After February 22, 2015: No Refund

On-Site Registration Schedule

The registration, tour and information desks will be located in the lobby of China National Convention Center, and will be open during the following hours:

Booking Deadline: February 22, 2015
Bookings after the deadline will be subject to availability.

Confirmation
A confirmation will be sent after each reservation, modification or cancellation. You must show the final confirmation letter to the reception desk of the hotel upon check-in.

Final Payment
All bookings must be accompanied by a FULL HOTEL PAYMENT per room. The payment will be credited to your final hotel payment, which should be made directly to the hotel upon check-out.

Modification / Cancellation
Reservation cancellations must be sent to the Secretariat in writing.
Refunds will be made after the Congress as follows:
- Cancellation on or before February 22, 2015
  forfeiture of one-night deposit
- Cancellation after February 22, 2015
  forfeiture of full hotel payment
- No Show
  forfeiture of full hotel payment

Special Needs
Special needs concerning the hotel rooms will be considered but cannot be guaranteed.

Room Allocation
Hotel rooms will be allocated on a “first-come first-served” basis.

Room Rates
The rates are on a per room per night basis and are inclusive of ONE breakfast per day and a 15% hotel service charge.
